Faber[®]
CYLINDERS

We are all gears of the same system
Siamo tutti ingranaggi dello stesso sistema

Cividale del Friuli, April 2nd, 2020

Faber has always been respecting its commitments. Even in this period of emergency we regularly continue in our fairness and respect policy towards our suppliers, customers and partners.

We are sure that we can achieve our goal by working together honestly and with respect for the value chain that sees us as gears of the same system that cannot stop.

Faber ha sempre avuto un forte rispetto per gli impegni presi. Anche in questo periodo di emergenza continuiamo regolarmente nella nostra politica di correttezza e rispetto verso i partner fornitori, clienti e verso i nostri collaboratori.

Siamo certi di poter raggiungere il nostro scopo lavorando insieme onestamente e nel rispetto della filiera produttiva che ci vede tutti come ingranaggi dello stesso sistema che non può fermarsi.

 CONFINDUSTRIA UDINE

Faber[®]
CYLINDERS

Established in 1969 and operating since 1972, Faber has grown rapidly to become the world's leader in the production of cylinders (Types 1, 2, 3 & 4) and systems for the storage of High-Pressure Gases for the Clean Energy (CNG and H2), Industrial and Air Breathing sectors. The world over, with a production capacity of a million cylinders, Faber has earned the best reputation for its high standards of quality and for its capability to comply with the most stringent specifications set down by International Bodies, Local Authorities and its customers.
